EAST HIGH SCHOOL  
WICHITA, KANSAS

# What Is East High School?

A SCHOOL is many things. It is a mixture of the abstract and the concrete, the tangible and the intangible. It is a blend of brick and mortar, emotions and friendships. A school is more than a massive series of classrooms with halls to connect them. A school is more than an "institution of learning."

Empty halls and empty rooms have no purpose. Their hollow, forlorn existence serves no one. They are useless . . . until filled with people. When the building doors open each morning, these rooms and halls vibrate in rhythm with the heartbeat of those who inhabit them. No longer is the building meaningless. No longer does it stand without direction. The school's purpose is reborn each day as people enter and pass through in search of knowledge. The students and faculty create its feelings and its personality.

A school is many general things, yet each individual school is unique in its own way.

What is East High School? We shall see . . .

Jack,  
 Having you in my study hall has

## *Devotion, Hard Work, Achievement Mark East's Top Executive*

DURING HIS ten years as principal at Wichita High School East, Sid F. Moore has earned the respect of all East Aces. His characteristic wave of the hand greets every student, and he can be found before and after school in the office talking to faculty members or in the halls chatting with students.

Mr. Moore, an avid supporter of East's teams, plays a major role in boosting school spirit. He is the first to arrive and the last to leave at all athletic events. He has a front row seat for each dramatic presentation, and he accompanies school groups on field trips as often as possible.

While busily attending numerous meetings and conferences, Mr. Moore supervises the co-ordination of the East High curriculum with the downtown office program. Not only is he involved in every school activity at East, but Mr. Moore also belongs to the Wichita Gun Club, College Hill Methodist Church, and several professional honor societies. His hobbies include collecting Early American furnishing for his home and spending time in his basement wood-working shop.

Although he has been honored as the President of the Downtown Lion's Club and the Kansas Administrators, Mr. Moore feels "The greatest honor that has ever come to me is to be at East."

Lining his sight up with the target, Mr. Moore takes part in a gun shoot at the Wichita Gun Club

"That's wonderful!"

"I'm not sure."

"Let's think that over."

## —Counselors

### Oversee Ace's Activities

GUIDING each separate class through its three years in high school are responsibilities of East's six member counseling staff. Through tests and personal interviews, they strive to help students understand themselves and their opportunities in life. Counselors try to give each individual a sense of adequacy so that he may accept the responsibility for his decisions and act in harmony with them.

PREPARING THE CLASS of '64 for marriage, careers, and college are activities of senior counselors, Miss Harriet Hardy and Robert O'Rourke

TESTING THE CLASS of '65 and counseling it on careers are the junior counselors Mrs. Eleanor King and Milton Goering.

GUIDING THE CLASS of '66 through its first big year in high school takes the time of Mrs. Elton Worthington and Dr. Victor Jantzen

# Faculty—

## Hope For Future Generations Unites Their Desire To Teach

SID F MOORE chats with Dr. Lawrence Shepouser, superintendent of schools, and Alvin Morris, deputy superintendent, the big educators from downtown

SIXTY-FOUR men and 62 women instruct 3,200 Aces enrolled at East High School in the 13 academic departments. With the help of 12 cadet teachers, the faculty directs 337 courses. They design classes to teach students of all abilities, ranging from the slow to the exceptional. In addition to the time-consuming job of classroom teaching, faculty members are also involved in extra-curricular activities such as clubs and committees.

Rounding out the educational picture at East are the people who work behind the scenes sweeping halls, taking temperatures, and preparing lunches. The 13 members of the custodian staff, the nurse, and the 38 cafeteria workers are kept busy meeting the daily needs of the student body.

## English—

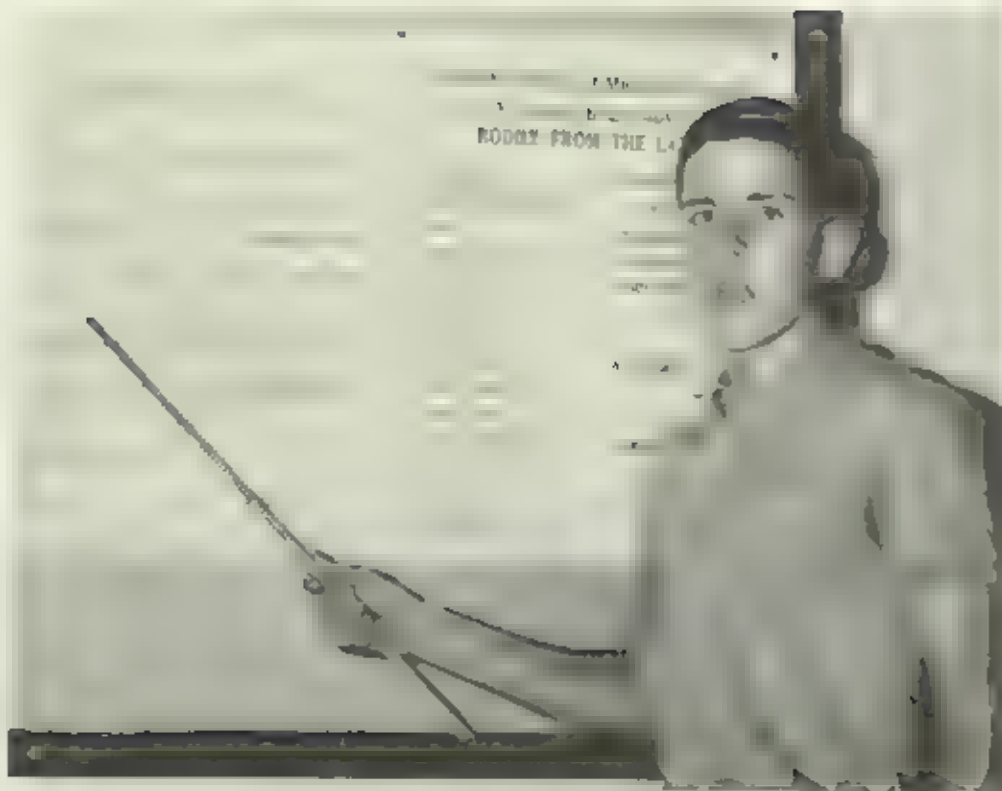

### *Books, Themes Enrich*

*SILAS MARNER*, *Tale of Two Cities*, and *MacBeth* head the reading list for most of East High School's 3,211 English-minded Aces. Supplementing the basic English courses, world literature, English literature, and college reading are offered for those students who wish to increase their reading comprehension. Students enrolled in journalism and English composition improve writing skills. In its second year at East, advanced placement English gives outstanding college-bound Aces an opportunity to validate English for a college credit

COLD SHOWERS aren't the nicest things to wake up to as Terry Doty, '65, demonstrates in a pantomime for dramatics class

"GIVE US THIS DAY" recites Hal Jones '64, as he translates the Lord's Prayer from Latin into English.

EXCLAMATIONS of *guten tag*, *salve*, *buena dia* and *bonjour* greet the seven teachers in the foreign language department at East High School. Language courses through the fourth year level are available to students in Latin, Spanish, and French and through the third year level in German. Using the three language laboratories the 764 Aces enrolled in the language department practice conversation and listen to tapes of their mistakes.

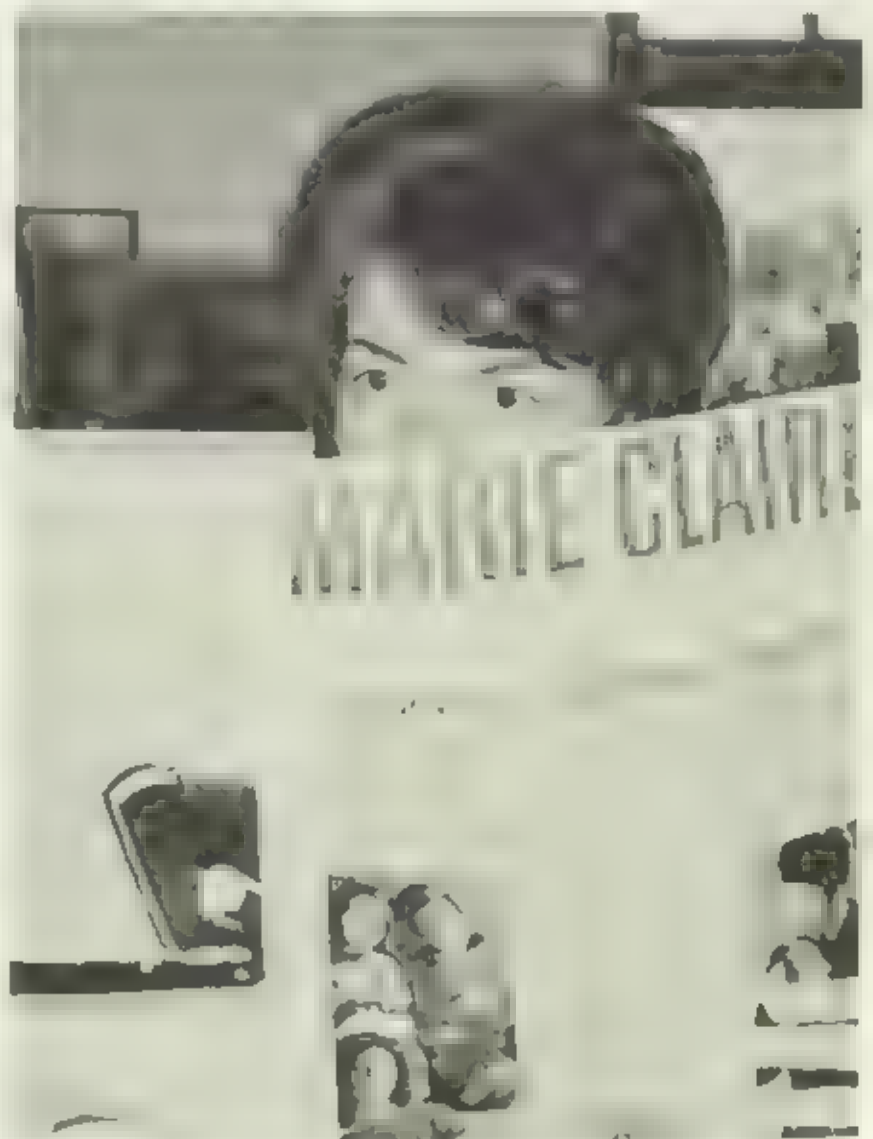

First year language students learn the basic structure and vocabulary of the language. Second, third, and fourth year students study the customs and history of the country, learn to speak more fluently, and increase their reading ability. With more and more colleges requiring a foreign language, East offers more than an adequate background for its college-bound students.

## Foreign Languages— Dialogue, Drills Improve Comprehension

LISTENING INTENTLY, Betty Luehen '64 strives to improve her pronunciation and reading ability.

PARIS' EQUIVALENT of *Look Magazine* helps French student Carol Nicholas, '64 increase her comprehension of the language.

NEEDLE IN, machine foot down to hold the material firmly, and Cheryl Hendry, '66, begins her latest sewing project.

IN A PRESSING SITUATION, Corkie Cotter, '65, hurries to add the final touches to her clothing assignment.

## *Home Economics— Fashion, Food, Flowers Stressed For Future*

"WHAT'S COOKING?" seems to be the appropriate question to ask Fran Miles, '65, and Lynn Lindley, '64.

HOMEMAKING is more than burned fingers and pin cushions to the 546 students enrolled in the home economics department of East High School. The efficient homemaker of today must not only be well-informed in the fields of food, clothing, and child care; but also in home management, family living, and interior decoration.

Students gain practical experience in cooking and meal planning through table setting, menu planning, and baking contests. Girls taking clothing have an opportunity to display their ability by modeling their own creations in a fashion show presented to the student body each spring.

This year, classes have been programmed in order to allow each person to advance with others of similar ability. The four home economics teachers keep Aces informed about homemaking careers while preparing them for successful home living

MACHINERY HUMS as Floyd Law, Marvin Resser, and Vincent Dickerson, all '66, carry out projects in East's machine shop.

"NEW" is the word that keeps East High School's vocational and industrial arts department at its best. Improved teaching methods have been introduced which coordinate courses. In order to connect basic principles with their practical applications, the physics teacher is also teaching auto mechanics. A course in technical electronics and the equipment for this class have been introduced; while several arc welders, a lathe, and two offset presses have been added to the department this year.

The vocational section includes 454 Aces who receive training on the job as well as in the classroom. Seniors holding outside jobs in related fields get school credit for the hours they work. The 13 vocational teachers strive to produce skilled tradesmen in their chosen fields.

The Industrial arts section presents a general vocational education involving experiences which explore the fields of industrial occupations. The 650 students taking industrial arts courses perfect skills in the care and use of common tools.

Gilbert Lietz, industrial arts woodworking teacher, brought honor to this department at East when he was presented the Kansas Industrial Education Teacher award for 1964.

## *Vocational Arts—*

### *Boys Work With Tools, Learn Skills*

A NEW LATHE added to the vocational department this year is operated by Marvin Resser, '66

MOCK SALES such as the one demonstrated by Paul Oliver, '64, and Patsy Jones, '64, teach retail selling students the knack of getting along with customers.

TANGO MUSIC can be heard in typing classes during the time tests more frequently than in modern dance classes. The use of music teaches students to type rhythmically and more efficiently. The 10 instructors who comprise the business department staff strive to train Aces for high degrees of skill in typing, shorthand, and bookkeeping. These skills form a general business education which enables students to carry on their daily business activities with more ease.

Classes in secretarial training and clerical practice prepare career-minded Aces to hold jobs in the business world after graduation. The department also provides advanced courses for students who are looking for further business studies in college. In the industrial world of today the business department offers courses which enable students to compete successfully.

## *Business— Office Practices Challenge Novice Clerks, Secretaries*

"TWO WORDS MORE, and I'll have 20 words a minute," thinks Judy Oakes '66 as she takes a time test.

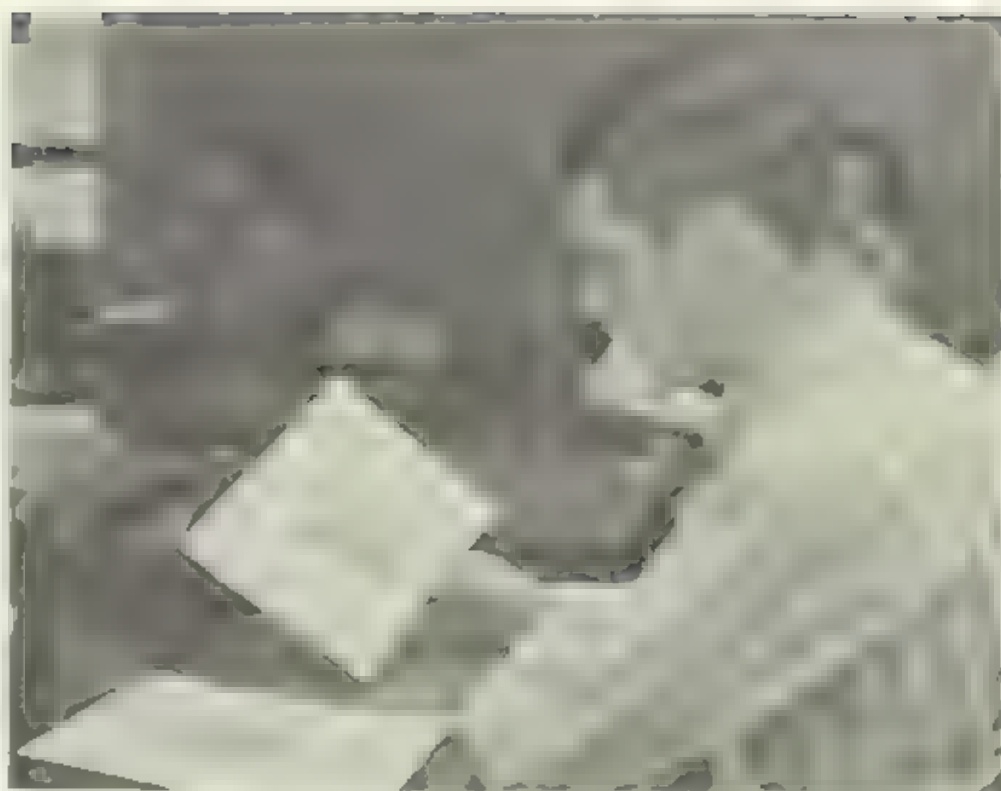

"LET'S SEE NOW" does the squiggle go on the right or the left side of the 'g'?" ponders Sue Harned, '64, in her shorthand class.

ARISTOTLE'S *REPUBLIC*, the War of 1812, and current happenings in Berlin are a few of the topics discussed by the 2101 Aces enrolled in the social studies department at East High School. To promote a better understanding and knowledge of social systems, history, and government, the 13 social studies teachers offer eight educational courses to Aces.

With the help of the *American Observer Newspaper*, juniors become acquainted with the past and present events in American history. In government classes seniors are taught basic political theory and the workings of government on the local, state, and national level. Supplementing the state-required courses of American history and government are classes in sociology, psychology, world history, and world geography. The newly-introduced economics and global history courses complete East High School's social studies curriculum.

TRYING TO DISCOVER THE "REAL HIM" Ron Kirkpatrick '64, studies a Rorschach inkblot test used by psychologists.

## *Social Studies— Money, Mobs, Martyrs, Maps Fascinate Aces*

"HELP!" pleads Gary Thompson, '64, to John Dotson, '64, as he fumbles bandily through a psychology maze.

BRUSHING UP on recent world happenings, Paul Herrick, '64, crams for a current events test.

EXAMINING ONE of the many bottled specimens available to biology students helps Charles White, '64, learn about the course

"YOU DON'T THINK IT'S GOING TO FIZZLE do you?" worries Virginia Thompson, '64, to Gina Perrelli, as they wait for a reaction

## *Science—Lab Reports, Projects Keep Young Scientists Up-To-Date*

EVEN WITH ALL THESE PRECAUTIONS, I don't feel really safe," grimaces Tim Landis, '65, to his lab partner Larry White, '64

AS THE odor of hydrogen sulfide, more commonly recognized as rotten eggs, floats down the halls of East High School, the student body is again reminded of the presence of the science department. Through working in the laboratories and greenhouse, the 1302 students enrolled in science courses become familiar with the methods of science.

Ten members of the science department teaching staff strive to teach Aces what science is and how it benefits humanity, while keeping them up to date with the latest scientific advances. Members of the new semi-micro chemistry class use smaller scaled equipment in order to lessen the danger and working time of experiments. With the addition of the Chem Study Method, based on more quantitative lab work in chemistry, East has introduced one of the newest teaching procedures in the scientific field. Through the experience and knowledge gained at East, science-minded Aces will be well prepared for the major role science plays in today's world.

WRINKLED BROWS and deep concentration characterize the 1,474 students taking math courses at East High School.

East offers a wide range of math subjects designed to challenge each student to do his best while developing an appreciation and understanding of mathematics and its need in society. Business math provides the opportunity for Aces to gain a practical working knowledge of mathematics. On the other hand, advanced-placement calculus prepares college-bound students for higher mathematics and can be validated for college credit.

With the incorporation of modern mathematic principles by most teachers into their courses, the math department is further striving to meet the needs of today's world of automation.

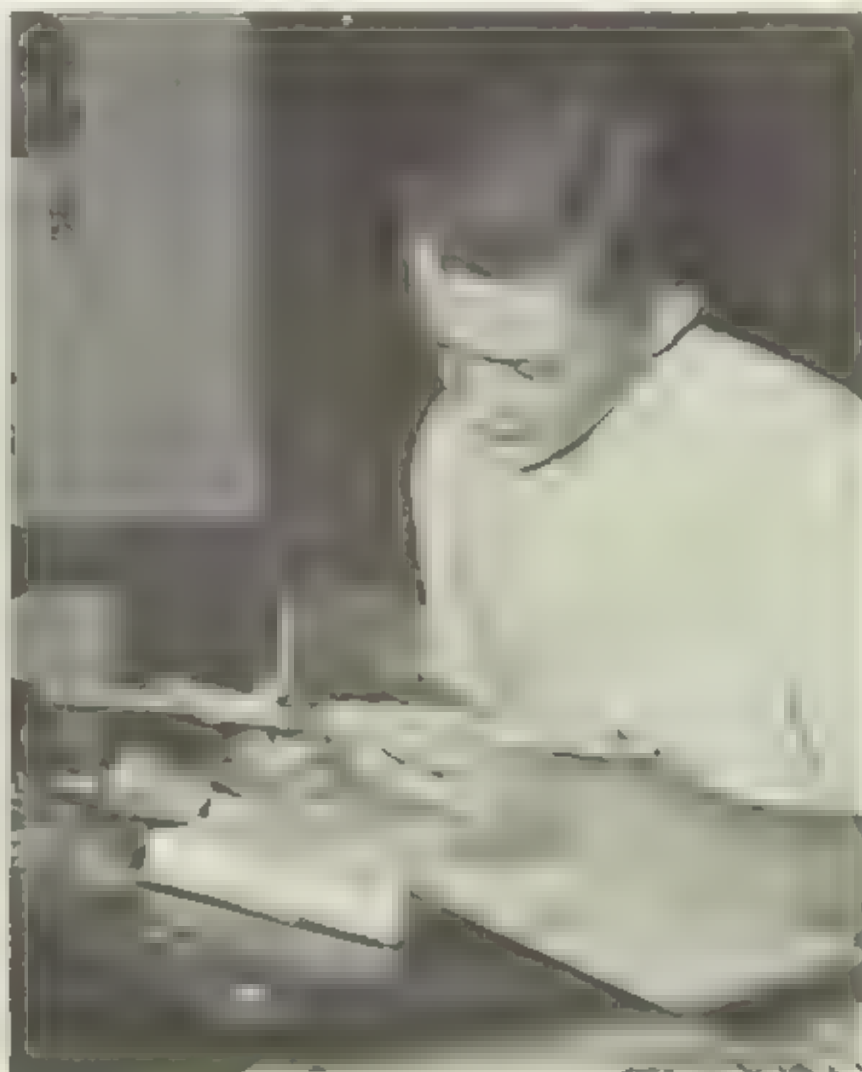

WITH NO APPARENT CONCERN or trouble, Allan Northcutt, '64, graphs an exponential curve in a demonstration connected with analytics and calculus

## *Math—Formulas, Figures Provide A Challenge For Ace Minds*

## *Fine Arts—*

### *Expression Through Harmony And Painting*

THE IRISH seems to be showing in Dallas Prichard, '64, as he molds the exact likeness of a magical leprechaun.

COMING IN LOUD AND CLEAR is typical of Bob Swisher and Brian Sullivan, '65, Rick Thelman and Jim Elliot '64

PAINT BRUSHES, sheet music, and leather work are all a part of East High School's fine arts department

Two hundred and eighty-six artistically inclined Aces learn fundamental skills such as line control and the production of desired colors and designs. These techniques provide a basic foundation for further independent thought and a creative outlook toward the arts. Ten classes, ranging from ceramics to commercial design, are taught by the two art teachers. Individual skills are displayed each year in a school-wide art contest sponsored by the Art Club.

Comprising the choir, orchestra, glee clubs, band, madrigal, and ensembles 802 Aces take courses in music. East's music division is well-known for its civic appearances at elementary and junior high schools, churches, and PTA meetings as well as for school programs. Through the addition of a correlation between two classes of music and English, the four directors are hoping to expand the music enrichment and appreciation of all students.

# Physical Education—

## *Fitness, Skill Stressed*

DEVELOPING HEALTHY BODIES and minds is the major objective of East High School's physical education department.

The 1,702 girls taking gym are enrolled in four 9-week programs of seasonal sports. After-school sports are offered to enable girls to take sports they miss in gym and earn letters in swimming and in all-sports.

The boys' gym divides its activities into three 12-week programs. Competitive sports are offered after school for boys who wish to letter.

SPECIALIZING in nose dives, Bill Swisher, '65, works out on the trampoline as Larry Hutchinson also '65, 'spots' for him

"BULLSEYE!" hopes Rudann Clark, '66, as she draws her bow for a dead center shot

## *Study Hall—*

### *Thoughtful Eyes, Furrowed Brows Characterize Ace's Study Time*

IGNORING the unspoken rule that no one studies in study hall, Ace Bob Beck, '65, puts his time to good use

SLEEPING AND STUDYING are only two of the ways that Aces made use of the four hourly study halls offered at East High School. Any student who works as a departmental, office, or hall proctor; student librarian; or cafeteria worker is taken from study hall periods. Study hall also provides the opportunity for Aces to do reference work and check out books in the library, vote in the various elections, and discuss college and courses with the counselors.

The four study hall teachers assist students and maintain order so that Aces may have the opportunity to study at least one hour a day.

## *Special Education—*

### *Personal Attention Given*

LOW ACHIEVERS have an opportunity to advance without the pressures of a regular high school program in the special education class at East High School. The 17 Aces enrolled in this course spend two hours a day in the classroom studying language arts, arithmetic, and special sections in social studies. Class time is supplemented with two to three hours in vocational courses.

With a small number of students, Monroe Fordham, special education teacher, can more effectively assist each individual.

FORMING PLURALS by dropping the "y" and adding "ies" is observed by Monroe Fordham, special education instructor, as Richard Bayouth, '66, practices the fine art

WORLDS OF FICTION AND NON-FICTION are available to Aces in the 17,000 books on East High School's library shelves. The two librarians and 36 student helpers check out over 300 books to Aces each school day. Mrs. Mary McCaffery, head librarian, and Mrs. Pfeffer, assistant librarian, also aid students in finding desired materials and catalog the many new books that arrive during the year.

The library hums with activity from 7:45 to 4:15 each school day. Students use the library facilities to browse for good books, finish homework, and gather reference notes. Teachers check the faculty shelf for information and read daily newspapers. In addition to the usual reference sources, Aces also have access to the Carnegie Art Collection, stacks of past East yearbooks, and a shelf of scholarship and college information.

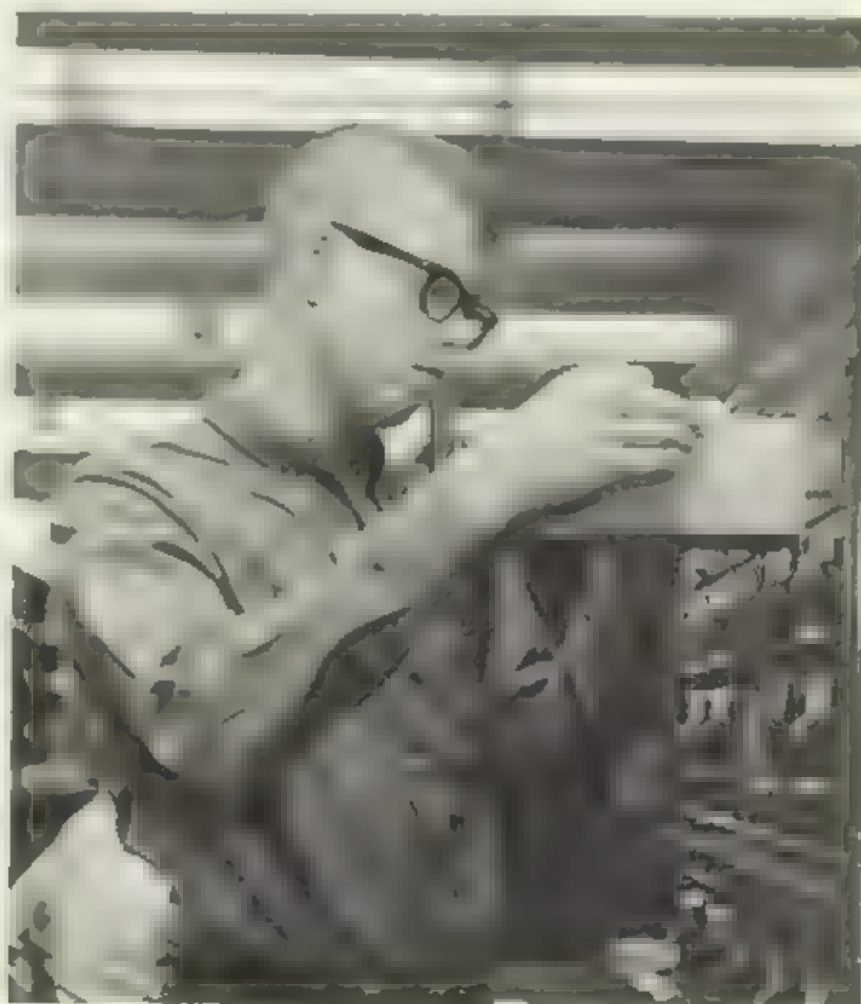

HOW ABOUT USING *Chemistry For Everyday Living* for your next English book report? suggests Mrs. Mary McCaffery, head librarian to Bill Lambert '67.

## *Library— Periodicals, References, Novels, Classics On Shelves*

QUIET AND SOFT MUSIC make the library an ideal place to catch up on homework as Dwayne Stovall, '64, has discovered.

'STEEPLY 'STEREO,' but where on earth is *Steep*? wonders Bill Lambert, '66, while busily searching through East's card catalog.

*Activities become memories of East—*

- Soft lights, fragrant flowers,  
A prom too quickly over;*
- A gavel raps, a meeting comes to order;*
- A curtain rises, a stage is set,  
Another play becomes a reality;*
- Blue and white goal posts, a cheerleader's spirit;  
A glittering crown, a new queen;*
- Memories shared by all,  
Memories of belonging to East High School.*

## *ACTIVITIES*

INTRODUCING many new projects and programs, student officers Judy, John, and Cindy preside over all student activities.

## Student Leaders—

### *Responsibility, Cooperation*

ELECTED IN THE SPRING, the student body officers of East High School preside over the activities of the student body during the following school year. They direct such projects as the selling of student directories, sponsoring a booth at the All-School Project, advertising the "Toys for Tots" drive, and collecting food for "Operation Holiday" at Christmas time.

New projects introduced this year by the Student Congress include a Christmas card exchange between the students of East and Southeast and a tutoring drive for Aces having difficulties with their classes or homework.

"It's my telephone and I'm going to use it," shouts Brad Allen during a heated telephone conversation with Jan Morrow

"You lose, wrong country," says Alma as she consoles Jonathan Forbes

**TANGLED PARTY LINES.** a female interior decorator, and a bachelor composer meet explosively in East High School's first production of the 1963-1964 season, "Pillow Talk." Directing his first play on the East stage, Robert Washburn, dramatics coach, presented the hilarious comedy of two people sharing the same telephone line and the resulting consequences

The 20 members of the "Pillow Talk" cast rehearsed approximately 25 nights, 2½ to 3 hours each night. Makeup, costumes, props, and staging were handled by the 38 members of the stage crew. All these, cast and crew, worked hard to make "Pillow Talk" a production that Aces will long remember

# THE MIKADO

"BUT DARLING, if I had known I was going to be buried alive!!!" pleads Yum-Yum as she backs out of her coming marriage to Nanki-Poo

"FOR HE'S GOING TO MARRY YUM-YUM." exalts the chorus of ladies and gentlemen of Japan

NOTHING IS WORSE than "to sit in sullen silence in a dull dark dock," chorus Pish-Tish, Ko-Ko, and Pooh-Bah

"AND I HAVE A RIGHT ELBOW that people come miles to see," boasts Katisha

WHEN THE SON OF THE MIKADO, Nanki-Poo, poses as a wandering minstrel, is sought for a husband by elderly Katisha, falls in love with beautiful Yum-Yum, and is scheduled to be beheaded, all inside of one month's time, the result is bound to be romance, comedy, and excitement.

Presenting a magnificently colored spectacle in their Japanese costumes, the 59 cast members spent many long hours of rehearsals practicing not only the involved aspects of music and drama, but also such small details as fan movements and the Japanese style of bowing and walking

"BUT I CAN'T KILL ANYBODY" cries Ko-Ko to sympathetic Nanki-Poo

CHRISTMAS SONGS for the caroling assembly, contest numbers, and sections of the "Messiah" kept East High School's vocalists busy memorizing and perfecting music. Presenting four yearly programs, the boys' and girls' choirs perform separately and in combination as the concert choir at churches, junior high schools, and civic meetings. Vernon Nicholson and Mrs. Mary Huffman direct the 70 girls and 70 boys enrolled in choir first hour.

Named for a style of informal singing, the madrigal meets each school day during third hour. Under the direction of Miss Gracia Boyle, the 21 Aces perform for school assemblies and other programs without accompaniment.

Music groups meeting before or after school for practice include the junior-senior boys' and girls' ensembles, boys' quartet, and sophomore girls' ensemble. # Orchestra—

## Tunes Ring In Room 508

PERFORMING for the University of Oklahoma highlighted the yearly activities of East High School's orchestra. Under the skilled direction of Kenneth Thompson, the group also played for East's production of the "Mikado," two yearly concerts, and programs at several junior high schools.

With the assistance of a cadet teacher during the second semester, the 80 members of the orchestra practice first hour each school day to perfect their yearly repertoire of 100 musical compositions. In addition to playing in the orchestra, nine advanced Aces belong to the Wichita Youth Symphony. With its wide variety of violins, cellos, violas, basses, flutes, oboes, horns, clarinets, bassons, trumpets, trombones, percussion, a tuba, and a harp, East's orchestra is one of the best equipped in the state.

EAST'S PEPPY PILOTS are an enthusiastic and unique part of the school spirit that loyal Aces consistently display. Creating an impressive image of East High School, the traditional blue and white uniforms are worn by the 876 pep club members, making East's Peppy Pilots the largest pep club in Wichita.

Sponsored by Mrs. Aimee Jones, Miss Yvonne Slingerland, Miss Mary Hubbard (cheerleaders), Mrs. Marian Zuercher, Miss Jeanne Ponds, and Mrs. Barbara Giesen, pep club membership is open to all girls who own a uniform and have no more than three unexcused absences.

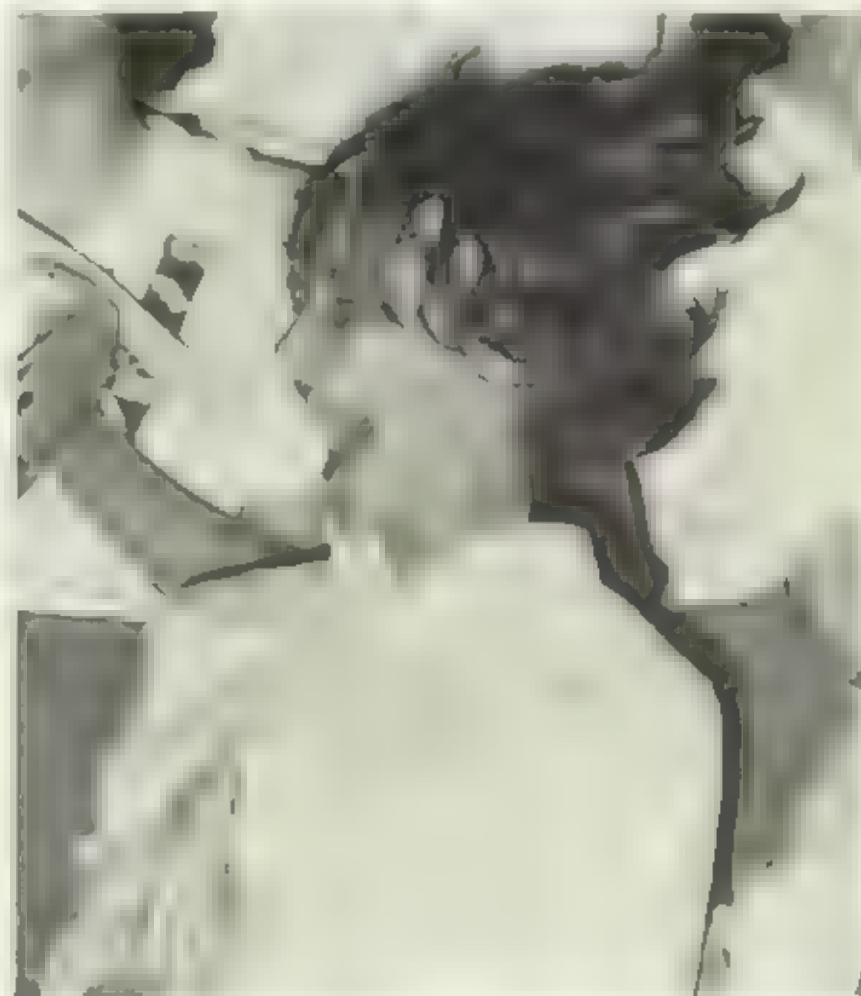

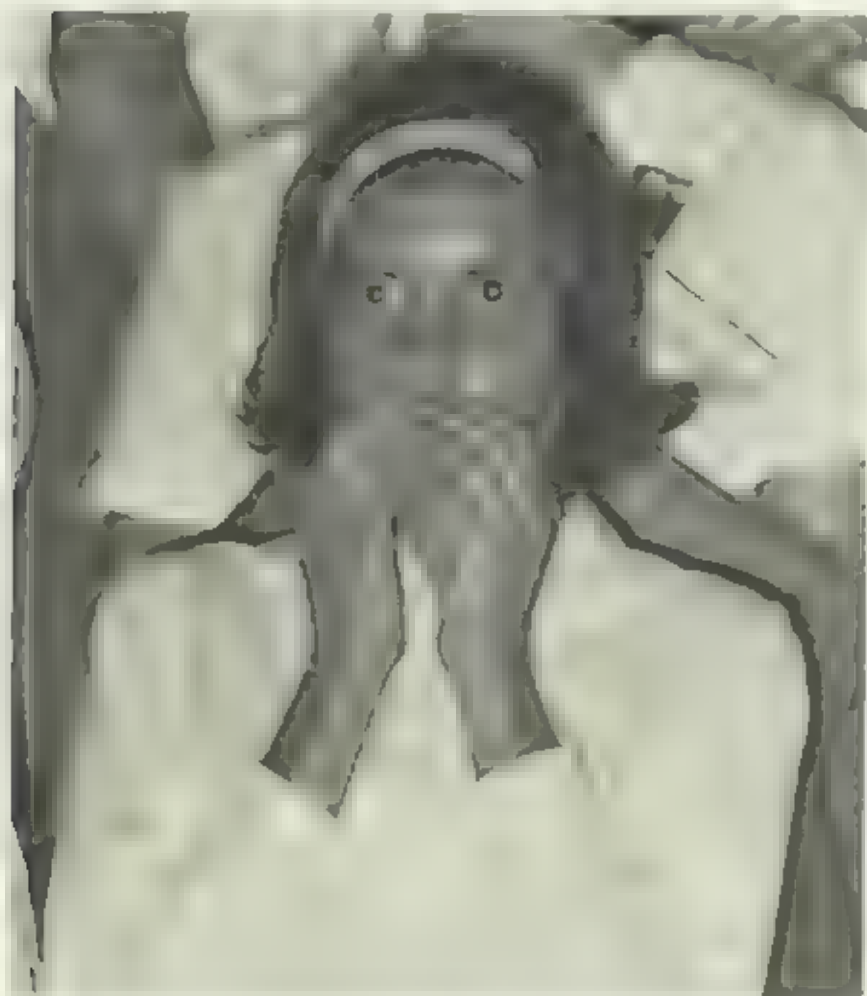

Striving to raise school spirit through supporting East's teams, pep club sponsors several dances throughout the year, runs a booth at the Carnival for Cash, and hangs banners in the halls for each athletic event. At the year's end, a "pepster of the year" award is given to the girl who has worked the hardest to make the pep club a successful part of East High.

PEP CLUB'S RESPONSE to the cheerleader's calls of "let's have a big 'E'" can be seen throughout the Wichita University field house.

Meeting on the second and fourth Friday mornings of each month, math club features guest speakers, members presenting topics of their own choice, field trips, and films. Membership is open to all students with an interest in the sciences.

Science club encourages its 40—50 members to work on individual projects to enter in the Wichita Regional Science Fair, the Junior Academy of Science, and the Future Scientists of America Contest. Special club projects are also carried on each year, as well as active participation in the Carnival for Cash.

## Football—

### *Four Ace Gridders Named To All-City Football Squad*

"CATCH ME IF YOU CAN" thinks Tom Faust '64, No. 22, as he prepares to evade South's No. 54.

"THIS IS TOO EASY," thinks Darvl Brown, '64, No. 21, as he strides leisurely around right end.

EAST'S GRIDDER'S garnered a 6—2—1 record to finish city competition for the 1961 season in third place. With an average height of six feet and an average weight of 182 pounds East's football squad boasted 10 returning lettermen.

The Aces opened their season on a promising note with an early triumph over Wellington 13—6. After being nipped by West's Pioneers, the Aces suffered another heart-breaking loss to the future city champions, Kapaun, 0—40. Finishing up the season with four quick victories, Ace gridgers recovered from their losses to successfully tackle Southeast 13—6 in the hard fought battle of the year. After victories over Wichita Heights and South, the last win of the year came to close the season with Notre Dame being downed 61—0

"IT'S MINE!" thinks Dwayne Stovall, '64, No. 84, as he snags an aerial pass

*Students are everywhere at East—*

- Struggling through the bottleneck,  
Hanging banners from wobbly ladders,  
Meeting friends in class corners;*
- Always dreaming, planning,  
Hoping for the future;*
- Grasping at bits of knowledge,  
Yet knowing how little can ever be understood;*
- Growing rapidly toward adulthood,  
But treasuring forever memories of East High School.*

# SENIORS

ALL TOO SOON Aces become seniors. The three years that seemed so far in the future in September, 1961, are almost over. Senior year is a year of lasts—the last grade card, the last basketball game, the last pep assembly. It is a year of holding top positions as school royalty and officers, trying for scholarships, preparing for future careers.

Senior week comes all too soon. It is a whirl of dreamily dancing at the senior prom, sleepily eating at the senior breakfast, and sadly singing the Alma Mater for the last time in senior corner. With the strains of "Pomp and Circumstance," Aces are no longer seniors, but proud graduates of Wichita High School East.

## *Girls' And Boys' State — Governmental Structure Examined*

SMILING, Cyndy Price, '64, relives the week she spent studying and practicing good American citizenship at Girls' State held June 9-16, 1963, at University of Kansas. Chosen from a long list of senior girls, Cyndy was East High School's representative and held the offices of city fire chief, county house officer, and precinct committee-woman for the Federalist party

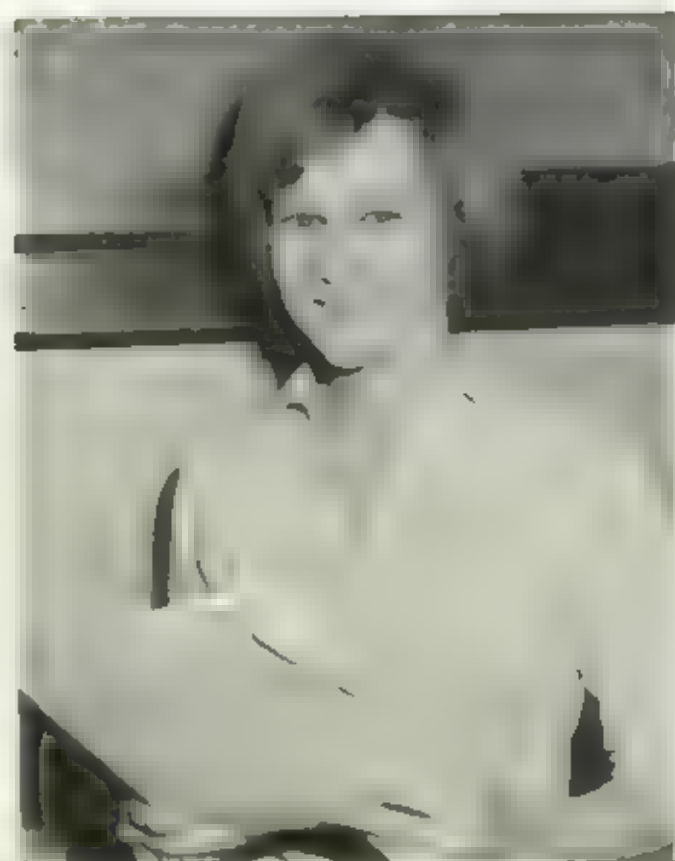

**NATIONAL MERIT FINALISTS**

*Second Row:* Roger Alexander, Greg Shields, Nancy Wood. *Third Row:* Gwen Lee, Martha Selfridge, Mike Richmond. *Fourth Row:* Barbie Dunne, Jeff Eaton. *Fifth Row:* John Johnston, Paul Consolver. *Top Row:* Bill Ward, Mike McClanahan.

## *Honors— Scholarships, Honors, Presentations Given Talented Aces*

ELKS' YOUTH LEADERSHIP 1st in state awards was presented to East's student body president John Johnston.

BETTY CROCKER HOME-MAKER of the year at East is Nancy Wood. Also awarded an engineering scholarship to M.I.T., Nancy is one of East's most versatile Aces.

DAR GOOD CITIZENSHIP award, southwest district of Kansas was awarded to Ace Cyndy Price

AWARDED a full-tuition scholarship to Kansas State University for his musical excellence was senior Dick Bean

FIRST PRIZE at the Regional National Science Teachers Association Youth Science Congress went to senior Margaret Hill. Also, Margaret was awarded the Grand Prize for the Wichita Regional Science Fair and a Fourth Prize at the National Science Fair

## *—More Senior Honors*

TAKING third prize at the 1963 Wichita Regional Science Fair, Greg Shields, '64, is a representative to the Atoms for Peace Conference.

A 4.0 GRADE AVERAGE is the honor Nicki Wolf, '64 has earned through hard work and study.

BOASTING A 4.0, straight "A." average, Pat Anderson, '64, is one of East's top five students.

AWARDED Watkins Scholarships from Kansas University were seniors Martha Selfridge and Gwen Lee.

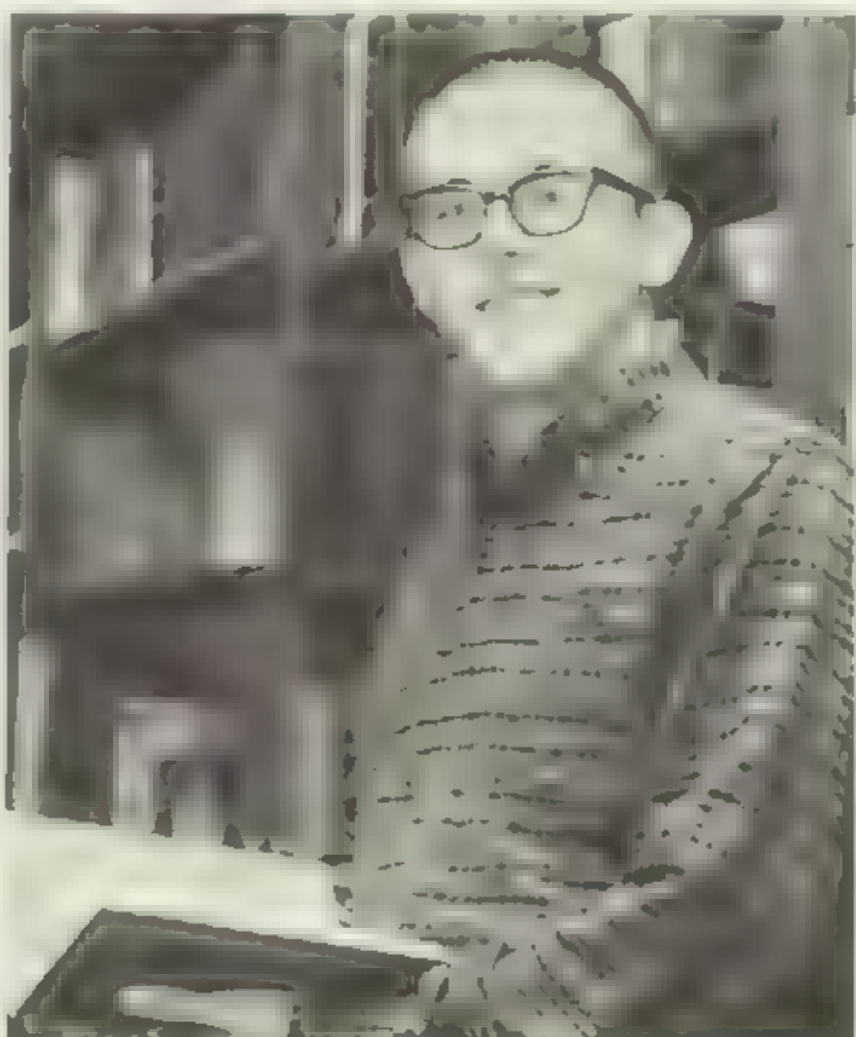

WINNING fourth prize at the National Science Fair International last year, Susan Doherty, '64, has also been named a member of the honors group in the Westinghouse Science Talent Search

OUTSTANDING STUDY HABITS have enabled Janet Osborne, '64, to maintain a 4.0 grade average throughout her years in school

EARNING a 4.0 grade average since first grade, Carla Bauman, '64, is one of East's top five students.

SCHOLASTIC EXCELLENCE is mirrored in Mike Richmond's, '64, superior record of straight 'A's in every subject taken.

# JUNIORS

FORMING A STRONG "INNER CORE" for East High School's student body junior Aces take their place proudly along with the incoming sophomores and the outgoing seniors. The year seems to fly by as the class of '65 finds itself engulfed in a whirl of grade cards, dances, and National Merit Tests

Juniors help plan their Junior-Senior prom, collect data for their research themes, and stand patiently in line to order their class rings. Selected junior Aces represent East High as they attend the Sunflower Girls' and Boys' States during the summer

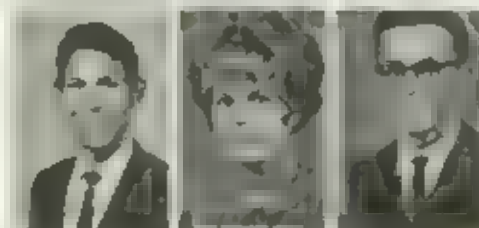

As the year draws to a close, junior class rings are turned, the seniors sadly leave, and the class of '65 prepares to accept the responsibilities and traditions of being Wichita High School East seniors

# SOPHOMORES

WITH UNSURE STEPS sophomores enter East High School. The large campus bewilders these new Aces; the first few days seem to be a scramble of finding classrooms, filling out numerous forms, and becoming acquainted with new people.

Quickly the sophomores discover sophomore corner as it becomes the center for meeting friends, talking over last week's Hangar, and decorating for next week's game.

Through campaigning for class offices, boosting school spirit by attending athletic events, and joining clubs, new Aces become active members of the student body. Now at the end of its sophomore year, the class of '66 has become a part of the personality, pride, and spirit of East High.

## *What Is East High?*

*East High School is a drama of life, a drama played  
by 3200 actors and actresses*

*Receiving praise for a paper well done  
Blaming yourself for a too hasty job*

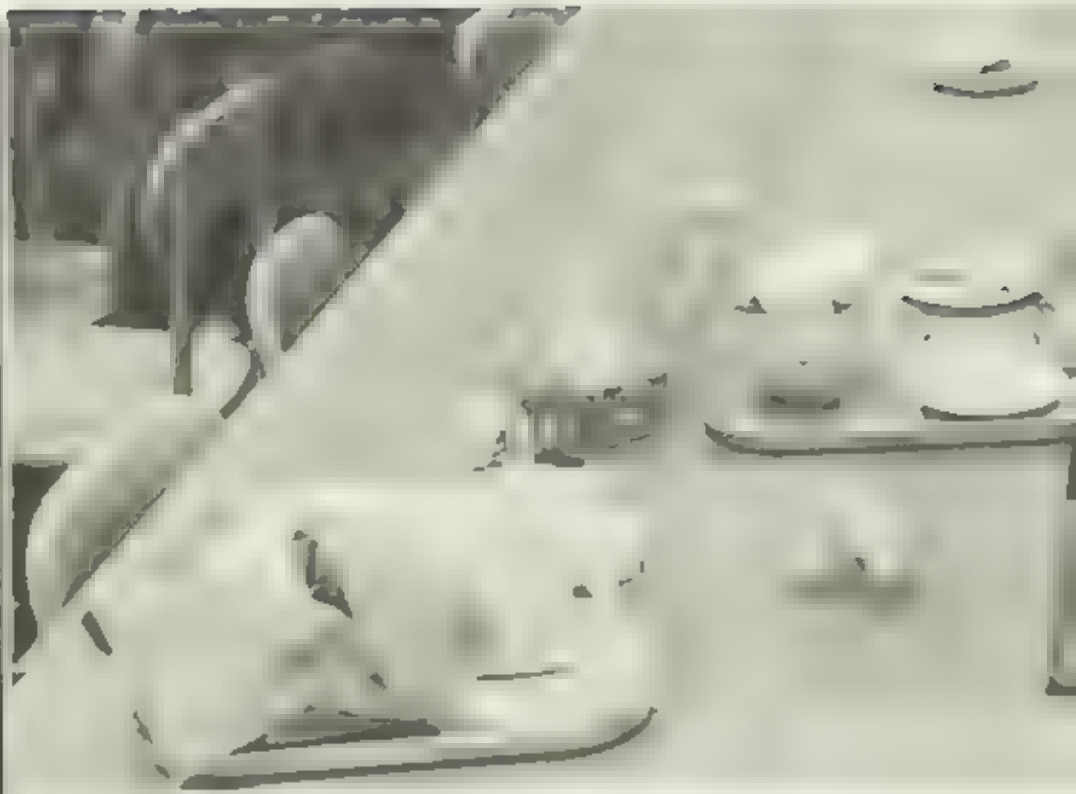

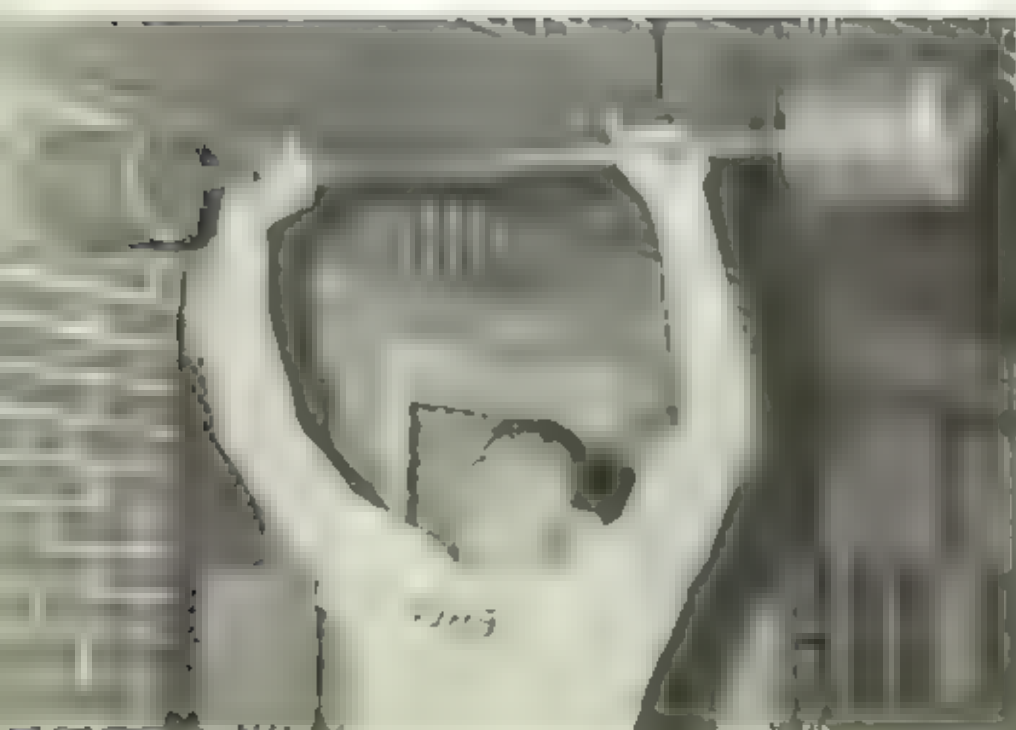

*Rejoicing in a well-earned victory...Reliving the point that should have won the game, but didn't*

*Being part of the mob at senior corner      Being alone*

*Giving generously to worthwhile causes ... Depriving others of enjoyment through selfish thoughtlessness*

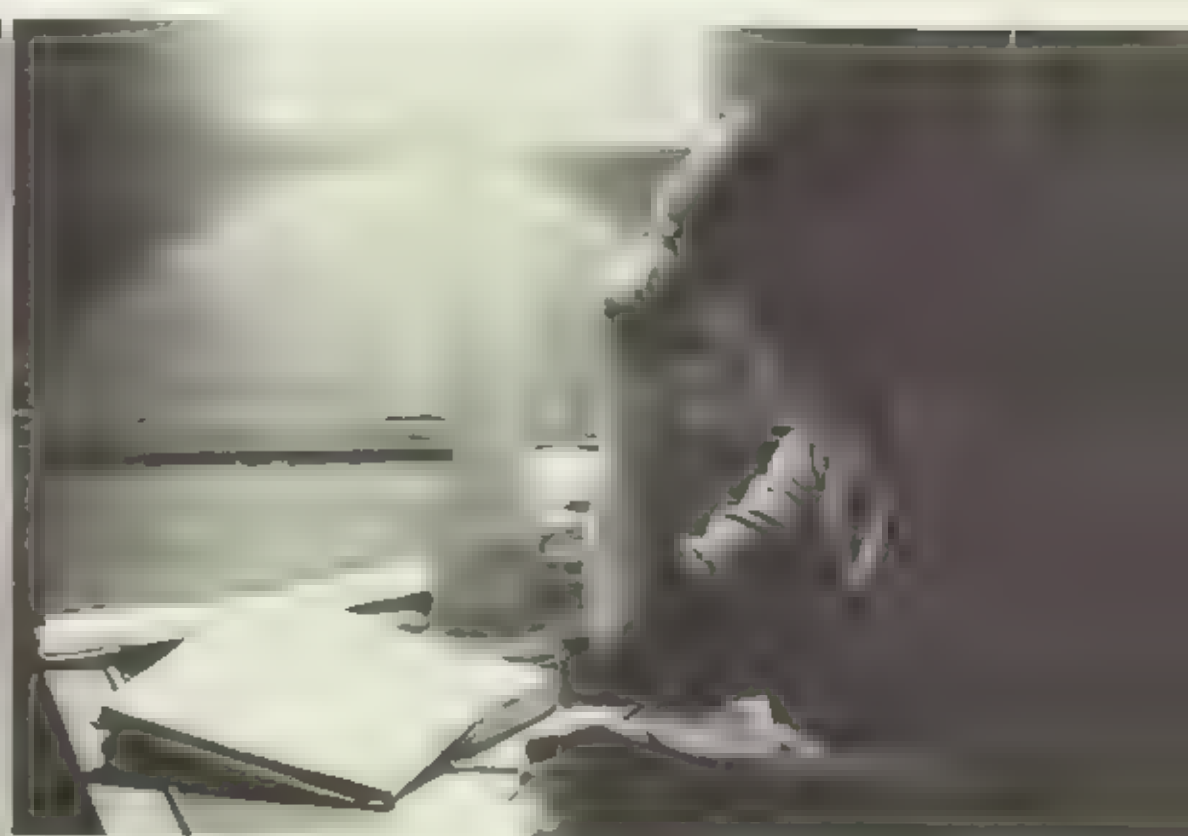

*It is hard to build ourselves in mind and body  
Pausing for relaxation when work is done*

*Welcoming the warm refuge of East's halls after an icy trek through the snow . . . Resenting the confining walls which separate the students and spring*

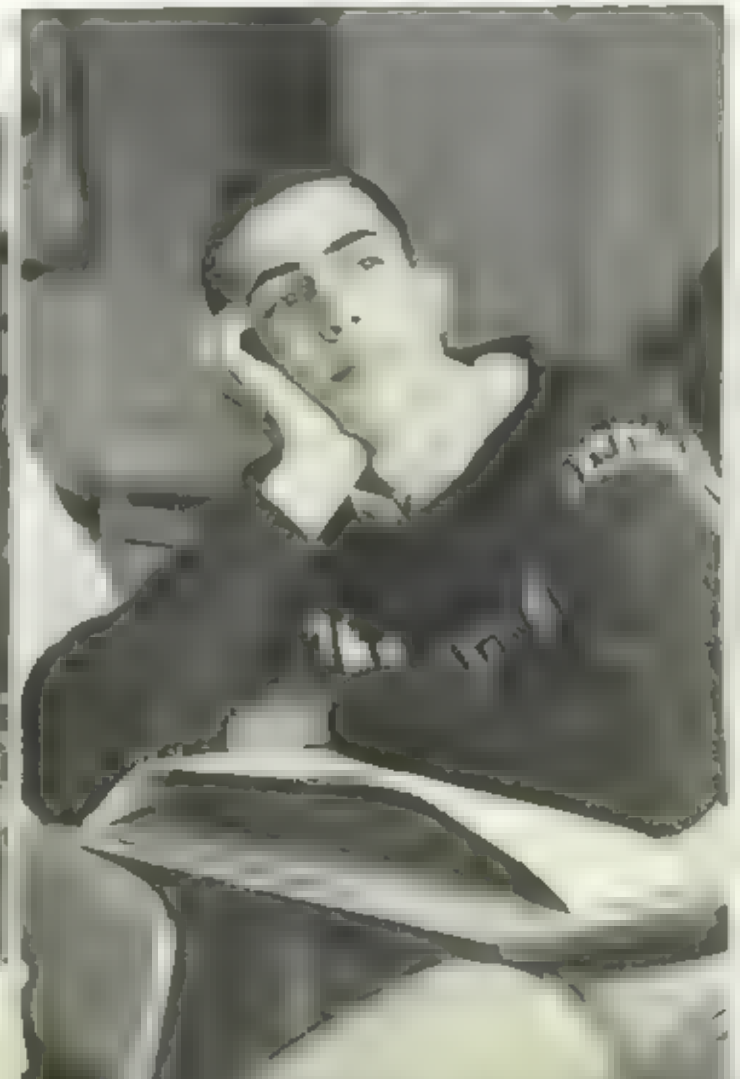

*Burning midnight oil . . . Working ever towards that  
L-shaped or any other in life*

*Clowning in pep assemblies ... Speaking maturely before an audience*

*Cramming before a big test ... Day-dreaming of a world of dates, cars, and college*

*Sorting our thoughts and actions for the present ... Wondering and planning for what the future will bring ...*

*Gathering knowledge from many sources  
pressing this knowledge when it is needed*

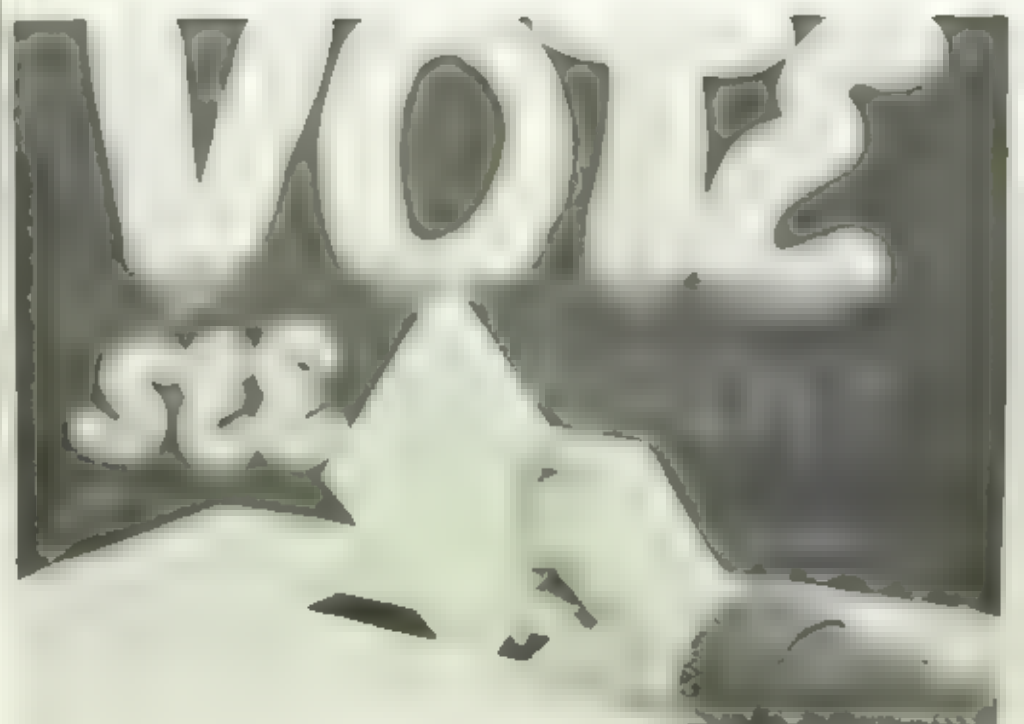

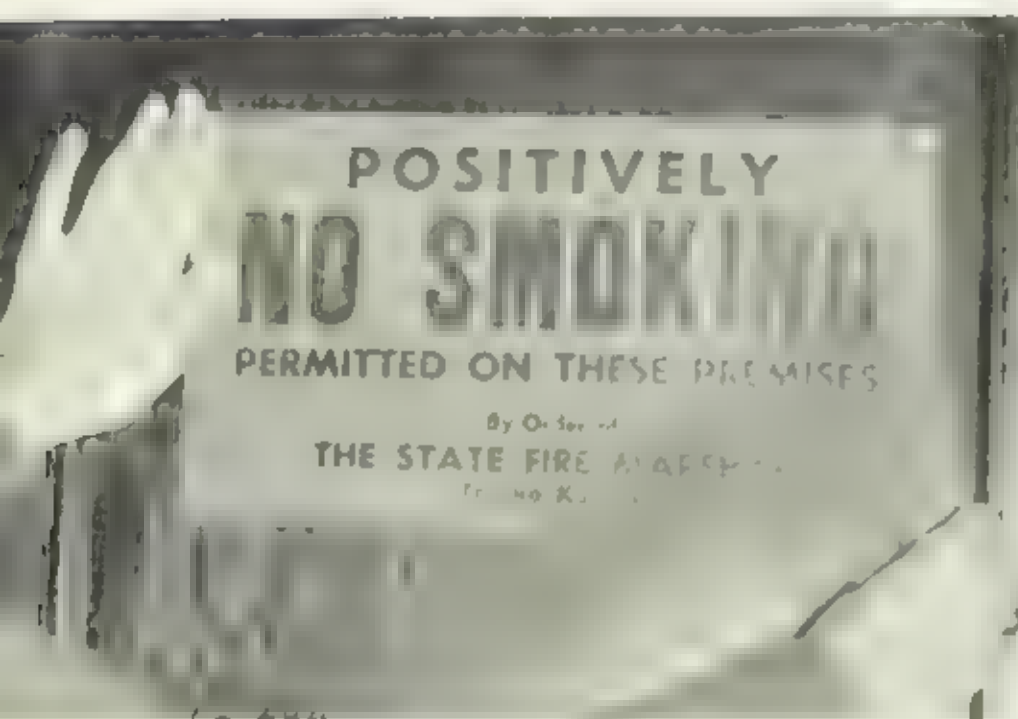

*Ex-*

*Add the proud looking  
touch to a breast that com-  
pleted. Destroying the un-  
pleasant to drive for some-  
thing better.*

*Following binding rules and regulations,  
sometimes grudgingly ... Practicing our  
right as Americans to freedom through  
voting*

*Hearing excited yells and cheers at a pep assembly . . . Relaxing in peaceful serenity with quietness and a good book*

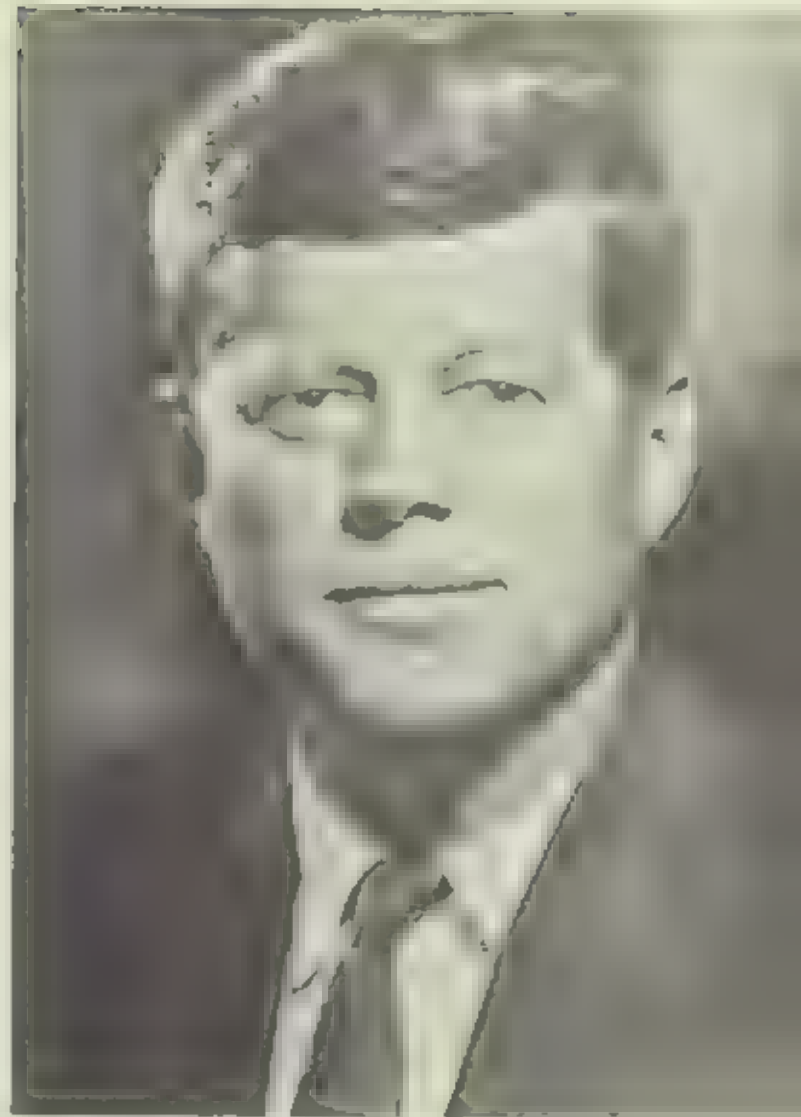

*Performing freely, each in his individual manner  
Conforming to be alike, to be accepted as one  
of the crowd*

Present or future  
Freedom or regulation  
Creation or destruction  
Individuality or conformity  
Noise or serenity

East High School is all of those.

JACK, OLD BOY-

This year's nearly over  
with and that only leaves  
one. Treat that next year  
good, and I mean good. (we do!)  
As you walk down the  
pathway of life always remember  
this little philosophy of mine -  
"Keep Smiling. It makes people  
wonder what you've been up  
to!" Good luck in the future.
